About Me

Taking picture is the art of recording moments. The unrepeatable moments recorded by photographer to become a history.

Photography is both verve & love. The most advanced cameras cannot take any pictures without an enthusiastic photographer.

We have started our professional activity in different fields of images for more than a decade. We are really proud to serve you by creating an exclusive quality level and satisfaction of the customers with the aid of experienced staffs, using professional Equipments & facilities under the photography association supervision.

Sayeh Digital Laboratory and Photography Studio has been doing its professional activities under the management of Mehdi Goli since 2001.

At the moment, our team has been able to take major steps to improve the quality and diversity of creative art in the field of photography.

Sayeh Digital Laboratory and Photography Studio is expert in the field of portrait photography, modeling, outdoor industrial, designing and producing various albums, catalogs, menus and also printing photos in different aspects, printing on glass, fabrics, puzzles, etc.

We are all set to provide all the above services for our valuable customers.

Love is patient, love is kind. It does not envy,
it does not boast, it is not proud. It does not dishonor others,
it is not self-seeking, it is not easily angered. It keeps no record of wrongs.
